Source Comment: These figures are not representative of the entire Russian Zone because of the varying types of industry in the different provinces - e.g., the Russians took over no chemical factories in Thuringia.

Comment: No explanation is given for the inaccurate totals. The correct ones would be: 4,465; 57; 182,352; 43,941; 82,320; 20,410.
